AFC tree seedlings are grown at Baucum Nursery for one growing season. When the seedlings become dormant in the fall, they are lifted and packed without dirt on the roots (bare root) for shipment to designated cooler locations.

Seedling sales begin July 1, so get your order in early to ensure you are able to purchase the species you need.

If the species you are looking for is unavailable or has sold out this planting season, AFC Baucum Nursery offers a pre-order option for upcoming planting seasons online at arkansasforestry.org
